## PROFESSIONAL SUMMARY

### Summary

I am a dedicated **Data Science student** with a strong foundation in programming, data analysis, and machine learning. Passionate about uncovering insights from data, I am skilled in **Python, SQL, and statistical analysis**. Currently pursuing my **BCA in Data Science**, I am eager to apply my knowledge to real-world problems through hands-on projects and collaborations. I am always looking for opportunities to learn new technologies and enhance my analytical skills to contribute effectively in the field of Data Science.

## SKILLS

- Python programming
